

127 AUTO ALERT SAFETY CARD

Never leave children or pets in a vehicle!

©1999 TI, Inc.

Even outside temperatures in the 60's can cause a car temperature to rise well above 110°F. *NHTSF²*

Compliments of:

FIREFIGHTERS LEAGUE
WETTLERSVILLE

Warning message appears white in sun's center.

"Protect Your Loved Ones"

High temperatures are dangerous for pets and children. In temperatures as low as 85°F, given specific humidity levels, even short exposures can be considered dangerous and result in injury or even death.

Not to be used as a thermometer or in place of sound judgement.
