

# 109 Hot Water Gauge Card

Test your water temperature. Be safe and save \$\$\$ !

Reusable hot water gauge plastic card with four event thermometer. Custom imprint on front, blank back.

## Markets:

- Energy Conservation Programs 
- Home Heating and Air Contractors
- Utility Companies

## Features:

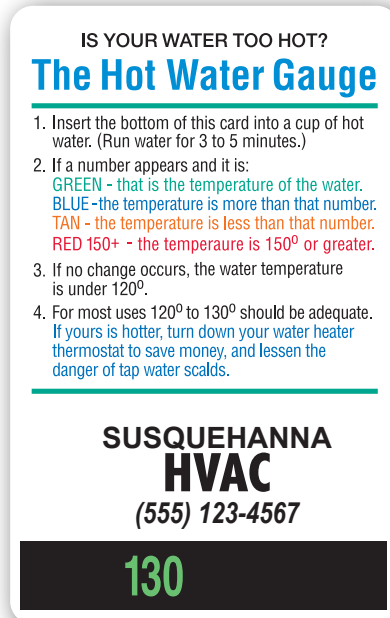

- Educates consumers on saving Energy in the home.
- Shows you how to set your hot water heater for maximum efficiency and prevent tap water scalding.

For each 10°F reduction in water temperature, you can save between 3%-5% in energy costs. <sup>1</sup>

Consumer Product Safety Commission recommends setting water temperature at 120°F to reduce probability of scalding.
